Q: Concerning solicitation 19H08021Q0065, on the description of Item# 11 it mentions Microsoft Office 2019 Pro, but then on Item#18 it is requested to quote the Office separately, do you need to have Office integrated on Item# 11?

A: The only item we will need is that of " Microsoft Office 2019 Pro " which has the necessary office applications to fulfill the requirement. If item #18 is requesting to quote the Office separately it must be a typo, thanks
